April Speakers at the Weekly Rotary Club Meetings, 2009

April 10, 2009

Robert J. Keiffer is the Center Superintendent for the [Rod Shippey Field Laboratory & Education Facility, Hopland Research and Extension Center of UC Davis](#). He spoke to the Rotary Club of Kelseyville Sunrise about this facility which is the principle field research facility for agriculture and natural resouces in the North Coast region.

See the website for the details of this jewel of the North Coast, go there if you get an chance and learn about the rangelands of the central and north coast of California.
